T8 Emergency Tube (Backup Time: 90minutes)

1. Backup Status: 5W for 90minutes. It will darken gradually after 90minutes, lasts for 2~3 hours.
 2. Special circuit design, each LED work separately, avoiding a single broken LED to effect other LEDs.
 3. Energy saving up to more than 70% energy than normal fluorescent lamp.
 4. Instant start, no flickering, no lead, mercury, no UV & IR interference.
 5. Long lifespan: 50,000 hours, 10 times over than traditional lights.
- * Connection Options: Double-ended connection, Single-ended connection.
